# WM603

## Weighing Module

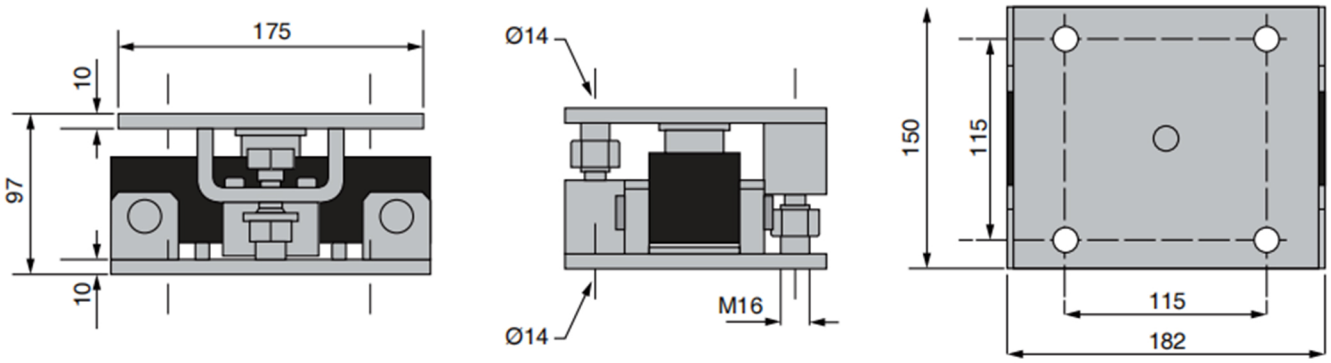

- Maximum capacity (Emax) (t):
10, 20, 30

- Be suitable for tanks, silo, and others weighing control.

## Features

- Stainless steel or alloy steel material
- Anti-overturning protection structure
- Easy to change and install
- Self-centering connection segment between
- Be suitable for weighing hoppers, tanks

## Dimensions(mm)

## Specifications

| | | |
|---|---|---|
| Load Cell | | DSB |
| Rated Load | t | 10, 20, 30 |
| Rated Output | mV/V | 2±0.0050 |
| Safe overload | %R.C. | 150 |
| Ultimate overload | %R.C. | 300 |
| Protection class | | IP68 |
